

Intertek Testing Services Hong Kong Limited

(1) - Assistant Chemist / Chemist (Day/Mid Shift)

Responsibilities:

- Conduct chemical testing in accordance with related international safety standards and specific safety requirements, standard operating procedures of toys, food and/or hardlines
- Operate various testing instruments, e.g. ICP / AAS / HPLC / GCMS, etc.
- Prepare testing samples and analyze test accurately
- Handle chemicals, solutions and reagents safety
- Day shift: Mon - Fri: 9:00 am - 5:00 pm, Sat (Alternative): 9:00 am - 1:00 pm
- Mid shift: Mon - Fri: 1:30 pm - 9:00 pm, Sat (Alternative): 1:00 pm - 5:00 pm
- Shift allowance will be offered for mid shift

Requirements:

- Higher Diploma or above in Applied Chemistry / Analytical Chemistry / Environmental Science or Chemical related disciplines
- Certified Testing Technicians (CTT) / Certified Testing Professionals (CTP) is an advantage
- Good command of both spoken and written English and Chinese
- Immediate available is highly preferred
- Candidate with more experience will be considered for the position of Chemist

(2) Assistant Technical Officer / Technical Officer (Day / Mid shift) (CCHEMLAB)

Responsibilities:

- Handle sample registration and prepare worksheets for the jobs
- Handle component sorting on samples for all relevant tests
- Responsible for dispatch worksheets and labeled samples to relevant workgroups
- Day shift: Mon-Fri / Tue-Sat: 9:00 am to 5:30 pm (Feb to Sept) Mon-Fri: 9:00 am to 5:00 pm; Sat (Alternate): 9:00 am to 1:00 pm (Mar to Aug)
- Mid shift: Mon-Fri / Tue-Sat: 1:30 pm to 9:00 pm (Feb to Sept) Mon-Fri: 1:30 pm to 9:00 pm; Sat (Alternate): 1:00 pm to 5:00 pm (Mar to Aug)
- Mid Shift Allowance will be offered

Requirements:

- Higher Diploma Holder or above
- 1 year experience in chemical laboratory. Fresh graduate will also be considered
- Good command of spoken and written English and Chinese (Cantonese and Mandarin)
- Good interpersonal skill and communication skill
- Able to work under pressure
- IANG will be also considered
- Candidate with more experience / with degree holder will be considered for the position of Technical Officer

(3) Technical Officer (Toy & Hardlines)

Responsibilities:

- Communicate with customer to identify customer needs and provide professional advice
- Help customer to evaluate their products and provide solution or advice on project basis
- Prepare product test plans and specifications
- Research and develop on new services
- Management of technical information for internal and external support

Requirements:

- HD / Degree holder in Engineering / Science disciplines
- 2-4 years' experience in Testing Laboratory / Product Safety / Quality / Manufacturing is preferred
- Experience in design & manufacturing with knowledge of manufacturing processes & materials is a plus
- Good analytical and problem-solving skills
- Proficiency in written and spoken English & Chinese (Mandarin)

(4) Assistant Engineer / Engineer (Toys & Hardlines)

Responsibilities:

- Conduct Physical test on toys and hardlines e.g. kitchen wares, furniture, etc.
- Prepare and evaluate test report on their safety, reliability and functional performance
- Provide professional advice to internal & external clients' on test report

Requirements:

- Higher Diploma / Degree in Product Testing / Applied Science / Mechanical /Manufacturing Engineering/ Physics any science subject
- 1 year experience in laboratory is preferable
- Independent and well-organized
- Good command of English & Chinese
- Fresh graduate and IANG will also be considered
- Candidate with more experience will be considered as Senior Engineer

(5) Textile Engineer

Responsibilities:

- Conduct tests on quality performance of textiles and garments, focused on color fastness, fibre composition, dimensional stability and other physical and chemical properties
- Responsible for test result checking, assessment, & grading
- Perform test demonstration
- Review test procedure & standard and client's test specification

Requirements:

- Diploma / HD / Degree holder in any discipline, of which Textile / Chemistry is a definite advantage
- Possess relevant working experience is an advantage but not a must
- Stable and mature enough to work independently
- Candidate with more experience will be considered as Textile Engineer
- Fresh Graduates and IANG will also be considered
- Additional Shift Allowance will be given for Middle Shift staff
